CENTRAL CALIFORNIA

#11 Cheyenne Juarez

I think I would be a good person for a college to recruit because I am very hard working and a very determined player. If I am having a problem with something, I am willing to work on it until I get it right. I feel that I am a team player and do what is best for my team by playing outfield or infield. I hope that my versatility makes me a good candidate to play in college. I am also willing to always give 110% for my team and coaches.
